PASEO URBANO

SUSTAINABLE ARCHITECTURE ARQUITECTURA SOSTENIBLE

The Resilience and Community Center is set to be an example of local sustainable architecture

El Centro Comunitario y de Resiliencia será un ejemplo de arquitectura sostenible local

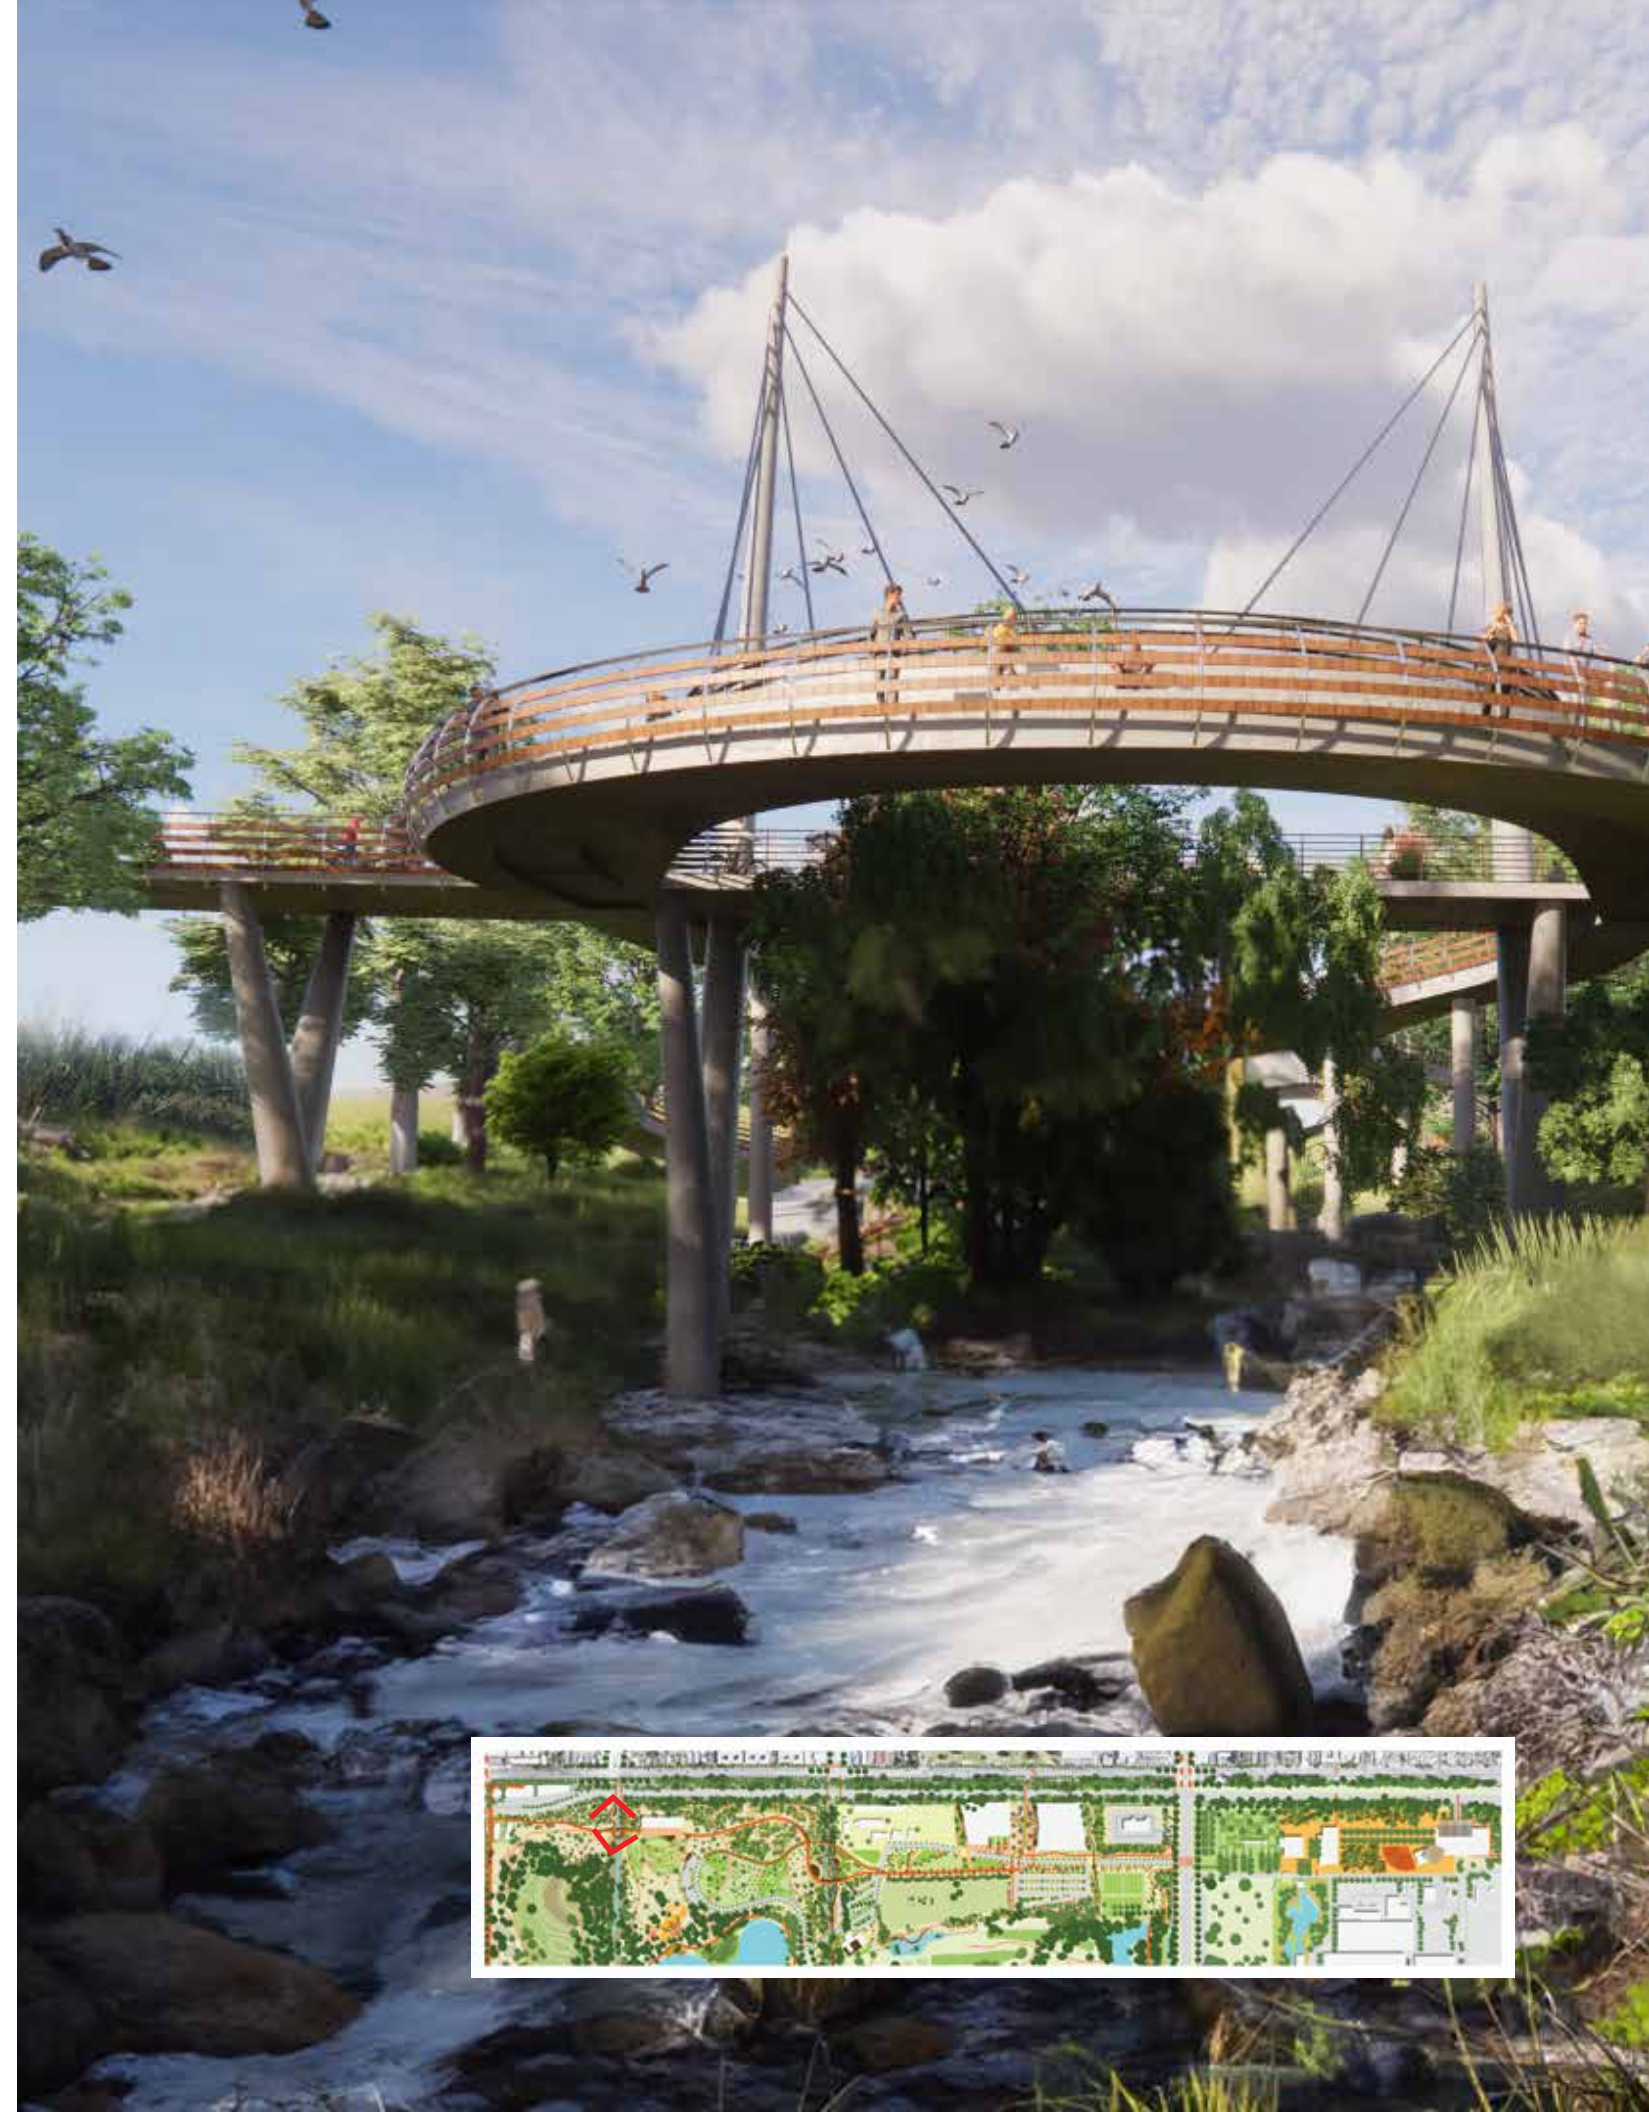

Ejemplos de características sostenibles incluyen:

- Marquesinas fotovoltaicas
- Gestión de aguas pluviales
- Plantas paisajísticas tolerantes a la sequía
- Muros de gaviones "vivos"
- Materiales sostenibles y reciclados.
- Materiales de pavimentación permeables
- Orientación y señalización educativa.
- Clases al aire libre

Examples of sustainable features include:

- **Photovoltaic shade canopies**
- **Stormwater management**
- **Drought tolerant landscape plants**
- **"Living" gabion walls**
- **Sustainable and recycled materials**
- **Permeable paving materials**
- **Educational wayfinding and signage**
- **Outdoor classrooms**
